

HYTORC LION GUN X BATTERY TORQUE WRENCH

The LION GUN X is a fast and powerful battery-powered torque wrench, designed to be lightweight, ergonomic, and easy to use. Equipped with a compact 36V battery, this tool delivers up to 4067 Nm of torque, making it one of the most powerful battery-operated torque wrenches in the HYTORC lineup. The LION GUN X is compatible with HYTORC's extensive range of accessories, including Washer systems. Data transfer from the LION GUN X is simple via a USB cable, allowing direct connection to a computer.

LION GUN X -SET INCLUDES:

- LION GUN X battery torque wrench
- Storage case
- Battery charger
- Side handle
- Reaction arm
- 2 x 36V batteries
- Calibration certificate
